

Life's Lessons for Rylan Craig Finn

Recognizing the problem is the first step to finding the answer

Yesterday's failures will allow you to achieve tomorrow's successes

Leading by example sometimes means recognizing who to follow

Arriving at the right destination is more important than taking a few wrong turns

Nothing is better than a hug whenever someone is feeling down

Coping with difficult times is always easier when you share your feelings

Running away from challenges now makes them harder to face

Awful nightmares should always be replaced by wonderful day dreams

Incredible things happen all the time if you stop to notice them

Give people a reason to smile every time you see them

Friends come in and out of our lives, family stays forever

If someone claims to have all the answers never ask them any questions

Never say you can't do something if you haven't tried first

Never take life's lessons for granted because there's always something to be learned
